26+			2.9%	<b>1</b>

\* Rank among 50 States and DC (1 = highest 10, 5 = lowest 10) - Quintiles more accurately reflect rankings due to instability in year-to-year individual ranks. **Red in Rankings** indicates VT in first quintile. **Red in prevalence estimates** indicates a significant increase from 2017-2018; **green in prevalence estimates** indicates a significant decrease from 2017-2018. Use of all substances is highest among those 18-25 years of age.
