

IMMUNIZATION MANUAL

VDH District Office Contacts

The local district office Public Health Nurse Immunization Designee has expertise in vaccines for children and adults, and she or he is your Immunization Program site visitor. To prevent vaccine loss and to maintain quality, always inform the Designee when you have a change in vaccine management staff. It is helpful for you to schedule an informational session to learn about VFC/VFA requirements and vaccine management.

Whenever there is a vaccine storage unit temperature excursion, it is essential to promptly notify Central Office program staff. Also, contact the Central Office when you have questions about ordering vaccines.

Location	PHN Name	Phone	Fax
Central Office	Program Staff	1-800-640-4374	(802) 863-7395
Burlington District	Shannon Stem	(802) 657-4232	(802) 863-7571
