4. Board Issues (Mr. Hoser):

None

5. Administrative Update (Mr. Herlihy):

Mr. Herlihy informed the members that Dr. Goldman, a UVMCC dermatologist, will be attending the July meeting to present on use of lasers for medical and medical/cosmetic purposes. This is to provide members updated information as the

Board reviews its policy statement on use of lasers. Mr. Herlihy reminded members that this has come up for two reasons. First, given the time that has passed since the Board issued its policy statement on this topic, it is time for a review. Second, discussion of the policy came up because the Administrative Rules of the Board of Barbers and Cosmetologists include language that might be interpreted by licensees of the Board of Medical Practice to suggest that it is acceptable to delegate certain tasks that constitute the practice of medicine to persons not licensed or certified to practice any health care profession. After hearing updated information on lasers, the Board may consider adding to its statement on this issue to include a position on the acceptability of such delegations.

Mr. Herlihy noted that Dr. Drew and Dr. Payne will be attending a New England conference on opioids in Boston June 5-7.

The annual newsletter is in the works and topics of the articles will include CDC Prescribing Guidelines, acupuncture, an announcement from the Health Department's Division of Alcohol and Substance Abuse Programs on Substance Abuse in Older Adults, and a story about NTSB Safety Announcements regarding the effects of opioids and health conditions on the ability to operate vehicles safely in transportation. Members were invited to propose additional topics for articles.

Dr. Bernstein informed the Board that he has been participating on a community opioid task force in Richmond.

Dr. Reich inquired whether or not new telemedicine licensees receive a copy of the Board rules regarding telemedicine when they receive their licenses. Mr. Herlihy stated that currently, the licensee is not provided a copy, but he has been approached by many of the companies that employ physicians in telemedicine and has informed the employers about the rules. It was suggested that the rules should be sent directly to new licensees who indicate they will be working in a telemedicine setting. Mr. Herlihy stated he would draft a letter to include with packets sent to those new licensees.

6. Presentation of Applications (12:30 p.m. – 12:45 p.m.):

Applications for physician and physician assistant licensure, and certifications of radiologist and anesthesiologist assistants were presented and acted upon as detailed in Appendix A, incorporated by reference into these minutes.

7. Presentations to the Board (12:45 p.m. – 1:15 p.m.):

None

8. Recess; Convene hearing to discuss any stipulations or disciplinary matters

that are before the Board (1:15 p.m. – 1:45 p.m.)
