Docket No. MPC 089-0516

ORDER

Respondent's petition for relief from the remaining requirement of her March 1, 2017 Stipulation and Consent Order is hereby GRANTED. Respondent has complied with the obligation and requirement set forth in paragraph 2 of the Order section of her Stipulation and Consent Order that she will abide by the recommendations of the current American Medical Association Opinion on the issue of a physician's treatment of oneself and family members, and agrees that she will continue to comply with such recommendations for the remainder of her medical career. Therefore, this Order is issued and entered by the Board of Medical Practice to remove the condition set forth in paragraph 2 of the Stipulation and Consent Order in Docket No. MPC 089-0516.
