Actions That Create A Hazard)
 5. Overlapping Codes
 6. Q & A
- 

30% of Vermont's Housing Stock Was Built Before 1940

In St. Albans City, the average age of a rented dwelling unit is 112 years.

Predominate Construction Before 1940

Balloon Frame

Holes in walls and ceilings provide a natural path for combustion products to rapidly travel...

...and to other apartments.

...within walls

Every owner of a dwelling or rooming house shall provide and maintain the foundation, floors, walls, doors, windows, ceilings, roof, staircases, chimneys and other structural elements of his or her dwelling, dwelling unit, rooming house or rooming unit so that it is weather-tight, rodent proof and in good repair.*

*RHHHC, § VIII, A

In 2012, Here Are The Leading Causes Of Fire In Vermont

- Heating (36%)
- Cooking (31%)
- Electrical (4%)
- All Others, Including Unknown Cause, Suspicious Act, Smoking, Act of Nature, Etc. (29%)

Heating: The Leading Cause of Fire In Vermont

Heating: The Leading Cause of Fire In Vermont

The erection of temporary tents greater than 1,200 square feet in a public location	Yes	Yes	Yes	x	x	

Vermont Fire and Building Safety Code section 7 (a) The owner, or a designated representative, of a building or premises shall obtain a construction permit before beginning any construction, addition, alteration, demolition or installation of fixed building equipment at the building site unless specifically waived by the AHJ.

Hoarding

Every occupant shall exercise reasonable care in the use of his or her dwelling unit, rooming unit or rented mobile home lot and shall maintain it in such a manner that it does not create a health hazard for his or her neighbors.*

*RHHHC, § X, B(2)

Hoarding

Every occupant shall exercise reasonable care in the use of his or her dwelling unit, rooming unit or rented mobile home lot and shall maintain it in such a manner that it does not create a health hazard for his or her neighbors.*

*RHHHC, § X, B(2)

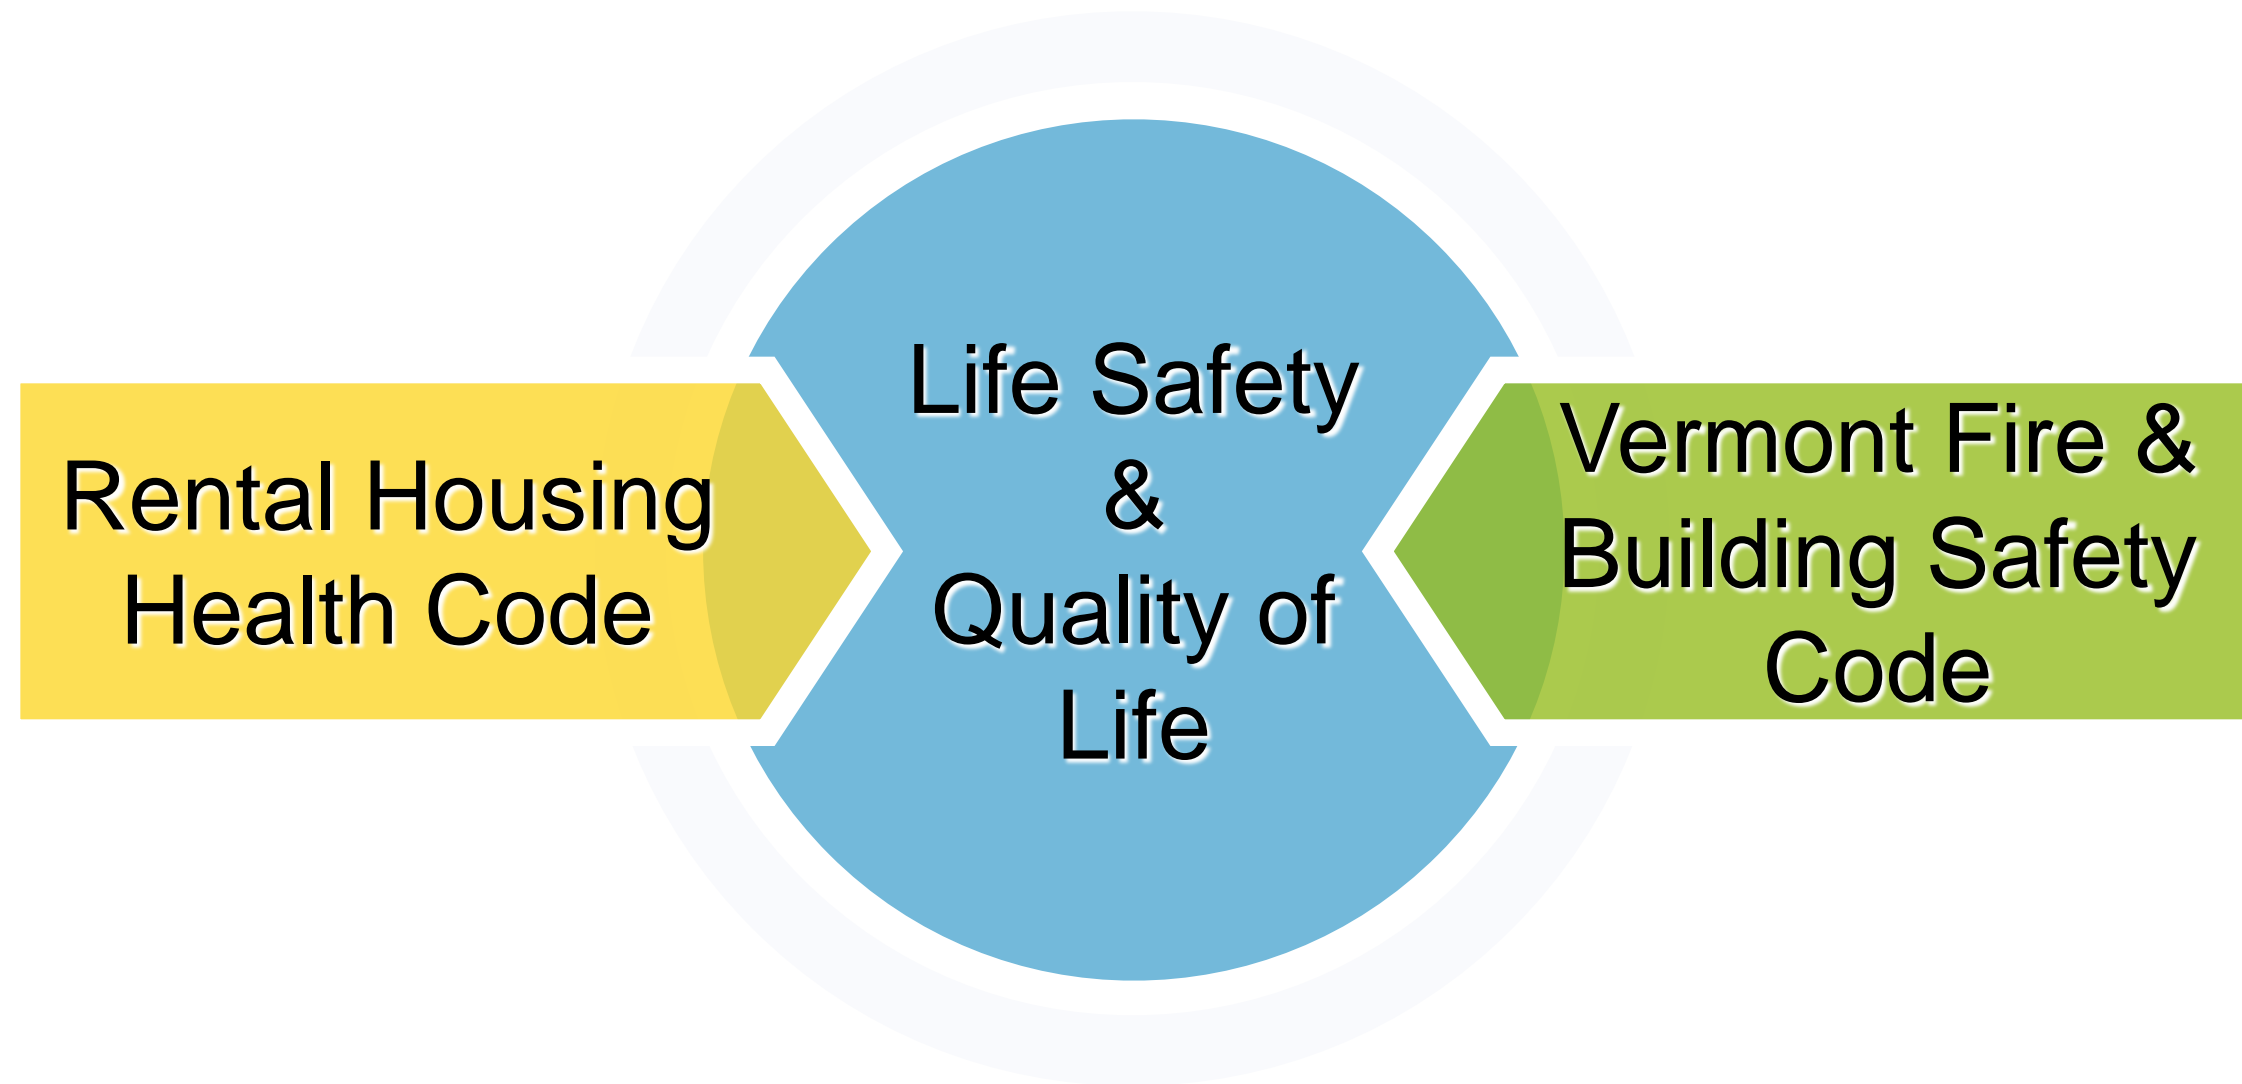

Every occupant shall exercise reasonable care in the use of his or her dwelling unit, rooming unit or rented mobile home lot and shall maintain it in such a manner that it does not create a health hazard for his or her neighbors.*

*RHHHC, § X, B(2)

Often The Codes Overlap –

Because They Have Similar Goals

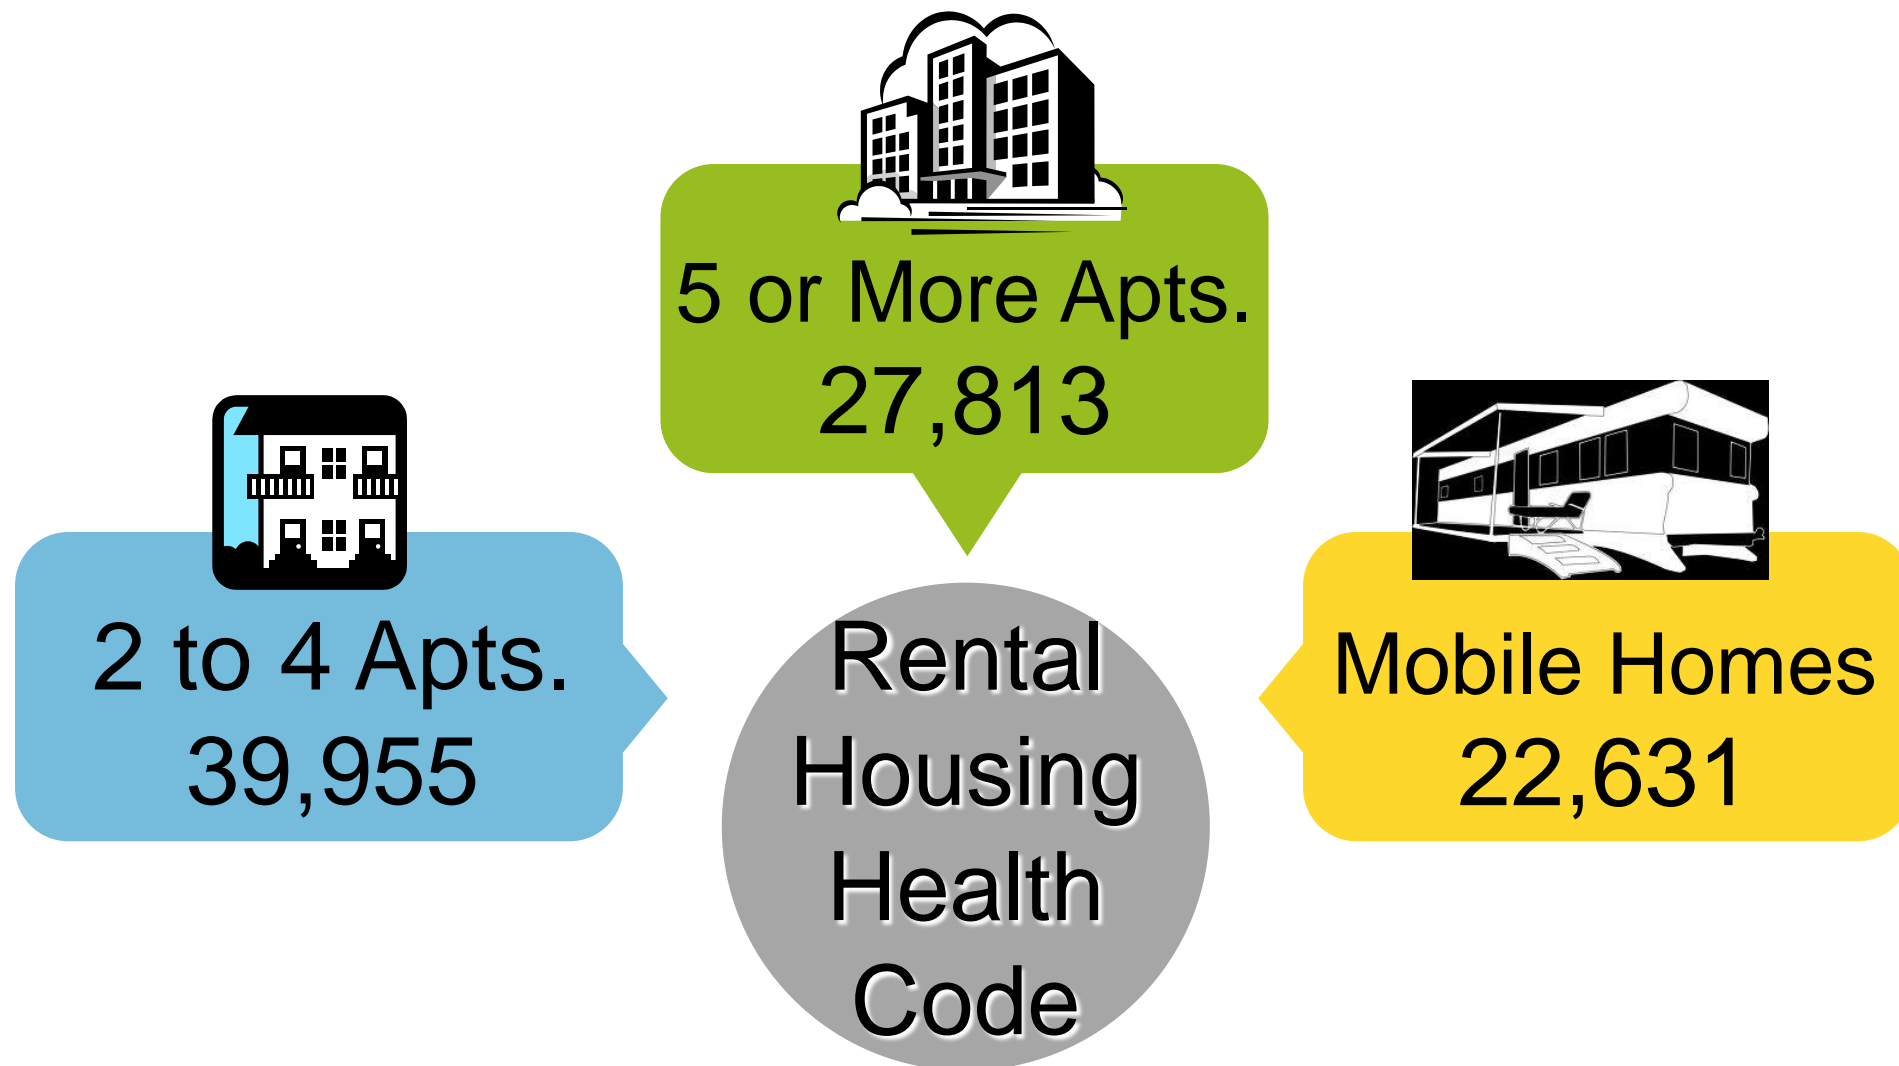

Every habitable room shall include at least one window or door in good repair located on an outside wall that is capable of being opened to admit fresh air.*

*RHHC, § VI, A(1)

NFPA 1:14.4.1 - 2012 Edition:
Means of egress shall be
continuously maintained free
of all obstructions or
impediments to full instant use
in the case of fire or other
emergency.

Health Officers Are Often On The Frontline Of Fire Safety
