Table 2A - Hospital Pricing of Top 2022 Outpatient Procedures - Gross Charges

These are hospital gross charges only. Physician charges are NOT included. Charges displayed include each community hospital's top outpatient surgical procedures by volume for the period of 10/1/2021 to 9/30/2022. Because each patient receives treatment based on their individual needs, the gross charge to each patient will vary. Hospital System Number of Cases and Average Gross Charges include all hospitals. For individual hospitals, charges for procedures having fewer than 15 cases are not shown. Blanks in the table indicate that the hospital has fewer than 15 cases for that procedure or the hospital does not perform that procedure. The hospital, however, may perform a similar procedure under a different code which may not be shown. Please call the hospital for more information. Note: the surgical cases shown include some anesthetic procedures for the treatment of pain not connected with surgery.
