The IDRP process

1. **Registration** – Choose any approved Vermont IDRP provider and contact them to register.
2. **Evaluation** – An IDRP Clinical Evaluator will evaluate your program requirements, and help you understand what your treatment requirements are.
3. **Education** – You will participate in 10 hours of education (lectures, reading, videos and small group discussions). This education is the same across all Vermont providers and can be completed in 2 sessions ("intensive") or over 4 sessions ("non-intensive").
4. **Treatment** – The IDRP Clinical Evaluator will give you information on your individual treatment requirements. All treatment hours need to be completed before your IDRP completion is processed, and must be completed with a licensed clinician.
5. **Exit Interview** - The IDRP Clinical Evaluator may require an exit interview after you complete your education and treatment requirements.
